A message from our CEO

“The COVID-19 pandemic has had an unprecedented impact on our business and our lives. We are proud that we were able to ensure that the majority of our employees could work remotely during the crisis. Servicing our customers remained a top priority and through innovative digital solutions we ensured uninterrupted payment of claims and processing of transactions. We remained active in supporting our communities, with R67 million pledged towards COVID-19 relief efforts. We feel confident that our response to the crisis is sufficient in the short term and that it reflects our conscious choice to prioritise the future sustainability of the business. We extend our deepest condolences to the families of our 8 colleagues who have sadly passed away due to COVID-19, they will be missed dearly.”

¹ Effective 1 January 2020, the Wealth Management business has been managed alongside the Personal Finance business. We have aligned segment reporting to reflect this and the new segment has been renamed Personal Finance and Wealth Management. The previous Wealth and Investments segment has been renamed Old Mutual Investments.

Strategic Update

When Old Mutual Limited listed in 2018, after the completion of the Managed Separation, we set medium term objectives that were referred to as our strategic battlegrounds. The battlegrounds provided a framework for measuring the outcomes we were driving in the short to medium term and were tactical in nature. During 2019, we commenced a series of strategy workshops with our Board to articulate our long term strategy. These workshops were completed in the first half of 2020, and this long term strategy is now being utilised throughout the organisation to shape our focus areas and drive prioritisation. Our strategic vision is to be our customers' first choice and our purpose is to champion mutually positive futures everyday. We have defined five strategic pillars, the delivery of which will allow us to achieve this vision and sustain and grow the prosperity of the customers and communities we serve.

Our role is to sustain, grow and protect the prosperity of the customers, families and communities we serve

To be our customers' **1st** choice, enabled by the delivery of our 5 strategic pillars

- 01 Old Mutual Cares
- 02 Always present first
- 03 Rewarding digital engagement
- 04 Engaged employees
- 05 Solutions that lead
